

# THE PUCK THAT CLEANS DRAINS AND DEODORIZES

United 481

## ESA POWER-PUCK

### Urinal Descaler and Deodorizer with Screen

Most urinal blocks and screens work to simply mask odors and block debris from getting into drain lines. The **ESA POWER-PUCK** is formulated to neutralize the odors while controlling scale build-up within the drain lines.

#### Controls Scale Build-up:

Utilizes United's Earth Smart® Acid Technology to control and eliminate build-up in lines caused by calcium carbonate, uric scale, lime and other mineral deposits. This slow-releasing block is safer in use and safer on lines than traditional liquid acids.

Saves time and money by reducing back-ups.

#### Neutralizes Odors:

Powerful odor controlling agents neutralize the urea that breaks down to cause odors.

#### ESA POWER-PUCK:

- Controls Odors for up to 90 Days
- Eliminates and Controls Scale Build-up
- Non-para Formula is Earth Smart® Certified
- Screen Helps Prevent Debris from Clogging Drain
- Fresh Citrus Floral Scent
- Safe for Use in Waterless Urinals
- Made in the USA 

#### Easy to Use:

Removable "dip-stick" makes changing out screens easier than ever.

Save time, money and...Power away odors and sluggish urinal lines with **ESA POWER-PUCK**.
