FRESH AIR™

Deodorizing Repellant

Naturally repel both insects and rodents, while controlling odors with this pelleted product that features United's Fresh Air™ Technology.

This product doesn't just eliminate the odors that attract flies, insects and rodents; it works to truly repel these pests.

- 100% Natural Ingredients
- Bio-based
- Earth Smart® Certified
- Non-toxic
- Provides Aromatherapy Benefits of Peppermint Oil

Use FRESH AIR™ Deodorizing Repellant to control odors and insects in:

- Sewage Plants
- Refuse Dumps
- Garbage Cans
- Dumpsters
- Kennels
- Stables and Barns

FRESH AIR™ Deodorizing Repellant is also absorbent, making it perfect for drying up odorous liquid waste that commonly pools in dumpsters. It can also be sprinkled on carpets before vacuuming to absorb musty odors.

With the non-toxic formulation and the fresh peppermint scent, this product is also ideal for use at food establishments.
