# **STAIN ZAPPER**

**Industrial Multi-Purpose  
Oxygen Stain Remover**

**STAIN ZAPPER is the best and brightest answer to your stain problems.**

**H Factor™ technology adds an Oxygen molecule to stains and odors for effective use in their elimination, and frees Hydrogen into solution, improving water solubility. This leading technology cleans more effectively than traditional spot and stain removers and is safe for use on color fast fibers. Best of all, it is safer to handle with low VOCs.**

**STAIN ZAPPER** removes a multitude of tough stains including:

- Red wine
- Blood
- Kool-Aid
- Pet stains
- Lipstick
- Motor oil
- Coffee
- Tomato sauce
- Ink
- Dirt
- Tea
- And many others!

**STAIN ZAPPER** can be used on carpeting, upholstery, commercial fabrics, draperies, uniforms, towels, linens, clothing and rugs.

**From the public works...to social settings...to office buildings,  
STAIN ZAPPER works in virtually every setting.**
