STAIN ZAPPER is formulated with **H Factor™** technology which adds an Oxygen molecule to stains and odors to eliminate the toughest stains and odors and frees Hydrogen into solution, improving water solubility.

Use **STAIN ZAPPER** on:

- Laundry • Water Washable Carpets
- Automotive Upholstery

STAIN ZAPPER removes odors plus spots and stains such as:

- Red wine • Pet stains • Tea • Coffee
- Motor oil • Kool-Aid • Blood
- Tomato sauce • Dirt • Ink • Lipstick

DIRECTIONS FOR USE:

Remove as much of the excess stain as possible. Treat the stain with **STAIN ZAPPER** at full strength as soon as possible.

Always test for colorfastness, certain stains cause permanent discoloration.

STAIN ZAPPER removes stains the fastest when **STAIN ZAPPER** is at room temperature.

Use longer soak time, and/or scrubbing after soaking in the solution if stain is not removed after first attempt.

WATER-WASHABLE FIBERS:

1. Test for colorfastness. Pour full strength product onto an inconspicuous area on fibers and examine when dry (at least 12 hours). If the fiber or color is affected do not use this product. Or, dilute the product with water and then test for colorfastness.
2. Prior to treatment try to remove as much solid matter from the stain and use paper towels to soak up excess liquid or residue from the stain.
3. Pour the product onto the stain. Allow to penetrate 10 to 15 minutes.
