Lewisburg, TN 37091

United Laboratories
320 37th Avenue
St. Charles, IL 60174

SUBJECT: UNITED 393

Dear Sir:

Several years ago, your sales representative, approached me with a "revolutionary product" to end my grease trap problems.

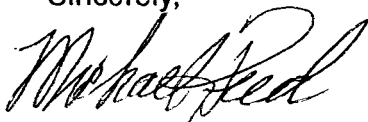

Tired of previous "salesman prattle", I armed myself with a handful of clogged grease trap sludge and said "Prove It!!"

Well, needless to say, I now have NO MORE CONCERN about my grease trap. I KNOW it is in top shape and condition.

Several weeks ago, city officials came by to inspect the facility including the kitchen's grease trap. When they marveled about its condition, I decided it was time to let someone know how pleased I am with UNITED LABORATORIES' GREASE TRAP MAINTAINER.

And I DO recommend it!!

Sincerely,

Michael Reed
Plant Operation Supervisor
