

# UNITED 104 ICE & FROST MELTER

De-ice any window instantly with the touch of a button!  
Improved formula United 104 ICE & FROST MELTER melts  
ice instantly in the coldest weather.

## ***FASTER ACTING!***

Superior melting chemicals and penetrating agents cut into the ice on windshields and windows for quick break up and melting...and it controls re-icing.

## ***VERSATILE!***

It defrosts the inside of windows, and de-ices the outside...even prevents mirror fogging. It can be used to release frozen door locks and handles, and to prevent lock freeze-up at night. It de-ices frosted coils and freezer cabinets in seconds, and can be used to de-ice air conditioning units that freeze up.

## ***CONVENIENT TO USE!***

Aerosol spray eliminates mixing and waste. It's handy enough to take with you anywhere you want or NEED it.

### ***De-Ices:***

- Automobiles
- Aircrafts
- Chiller Coils
- Tractors
- Building Windows
- Refrigerators and Freezers
- Trains
- Locks
