

# Vanquish the toughest scale build-up on vertical surfaces with...

## United 516

# ESA VERTICAL VANQUISHER

## Gelled Industrial Multi-Purpose Descaler

Thick, gelled formulation developed to cling to vertical, acid-resistant surfaces for one hour to allow maximum contact time to clean and descale even the toughest build-up. Simply spray or brush on surface, let it work, then rinse off with water. **ESA VERTICAL VANQUISHER** is fragrance-free and dye-free so it won't stain tile or grout.

### Features United's Earth Smart® Acid Technology:

- Dissolves calcium carbonate scale two to three times faster than phosphoric acid.
- Much milder to steel, aluminum and skin than traditional acids used in descaling products.
- Phosphate-free and contains no VOCs.

Non-corrosive to most metals, this product can be used on a variety of acid-resistant surfaces, including: acid-resistant porcelain, ceramic tile and grout, glass, chrome and stainless steel.

### Quickly and safely removes:

- Scale
- Hard Water Deposits
- Lime
- Rust and More

### A few uses include, cleaning and descaling:

- Cooling Tower Fill and Wind Drift
- Hard Water Deposits on Windows
- Hard Water Stains on Brick
- Rust from Acid-resistant Surfaces
- Concrete and Mortar from Equipment

When cleaning and descaling vertical surfaces provides a challenge, **ESA VERTICAL VANQUISHER** will conquer that challenge with ease.
