

chemical metering pumps

A855

Peristaltic Metering Pump

- ▶ Dependable. The A855 feed pump features a heavy duty shaded pole gearmotor and a durable polycarbonate housing, which withstands harsh chemicals and environment.
- ▶ Versatile. This specially designed pump accurately dispenses low volumes of chemicals, detergents, liquid enzymes, fragrances, etc.
- ▶ Simple. The A855 utilizes a simple and compact design to install quickly. It features a push button for quick priming.
- ▶ Programmable. For those after hour requirements this unit is provided with a twenty-four hour timer which is programmable in fifteen minute intervals. This feature provides 3.3 ounces of solution in a fifteen minute period.
- ▶ Maintenance free. Your unit will need no tube adjustment and it features an exclusive patented quick-release, twist-off head. With a self-lubricating roller assembly and built-in timer, the A855 requires little maintenance.
- ▶ Warranty. Full one year warranty from manufacturer.
- ▶ Available A855WT replacement white silicone tubing.
