MicroTron Chemical Metering Pump Advantage M# B-130X1-PVCV

- ▶ Metering pump provides reliable chemical addition. Digital accurate speed adjustment maintains precise stroking speed. Double ball guided checks for metering accuracy. The manual stroke length and digital speed adjustment provides a wide turn down capability.
- ▶ Dual output adjustment.
- ▶ Guided double ball checks.
- ▶ Circuit voltage protection.
- ▶ Priming/Degassing valve.
- ▶ LED indicating lights.
- ▶ Splash cover over controls, polypropylene housing and Viton seat.
- ▶ 30gpd at 100 p.s.i.
- ▶ 3/8" connections.
- ▶ 120 volts.
- ▶ 8' grounded power cord.
- ▶ Maximum 30gpd/1.25 gph.
- ▶ 2 Year warranty.
- ▶ Includes everything needed for immediate start-up: injection, foot and priming valve assemblies plus suction and discharge tubing.
- ▶ For use with chemicals not purchased from United Laboratories, Inc., call Tech Support for compatibility.
