# STARBURST

## Stainless Steel & Metal Polish

This **Responsible Innovation™** from United Laboratories is Earth Smart® certified, meaning it is safer in use and safer for the environment. It is also a bio-based formulation comprised of renewable resources adding even further benefit for the environment.

**STARBURST** cleans and polishes to make stainless steel and other metals shine, while protecting and preserving the finish.

- Earth Smart® Certified
- Bio-based
- Low VOC's
- Contains No Acids or Abrasives
- Will Not Leave a Powdery Residue
- Resists Fingerprints
- Features Fresh Cucumber Melon Fragrance

**STARBURST** Removes...

- Spots • Grease • Marks • Film
- Fingerprints • Watermarks

Use **STARBURST** on...

- Stainless Steel • Aluminum
- Chrome • Elevators
- Range Hoods
- Doors • Sinks

Easy-to-Use... Simply spray a small area and clean with one cloth. Then polish with a clean, dry cloth according to directions. The gloss is renewed and will be retained.
