

# United **HEPACIDE** 262 Broad Spectrum Disinfectant

**Hepacide** helps you keep your facility clean and safe from more than two dozen known pathogens.

When used according to label direction, **Hepacide** kills the following organisms on hard surfaces:

- Hepatitis B virus (HBV) and Hepatitis C virus (HCV)
- MDRSA—the Multiple Drug Resistant Staphylococcus aureus
- HIV-1—the AIDS virus
- Herpes Simplex Type 1 and Type 2
- Influenza A2, B and C
- Candida albicans
- Measles
- Polio Type 1
- And several strains of Escherichia coli... a frequent source for food poisoning.

In addition, **Hepacide** can be used to control mold, mildew and fungicides that contribute to sick building syndrome.

- Highly concentrated. You need only 2 ounces per gallon of water for general cleaning and disinfecting.
- Perfect for disinfecting toilets—just add 2 ounces, swab and flush.
- Can be used as a no-rinse sanitizer or a surface deodorant.
- Featuring our “Fresh and Clean” scent.
